PROCLAMATION OF UNIVERSAL ECCLESIASTICAL DEFAULT

Hear ye, Hear ye, by divine authority and the living will of the Sovereign Ecclesiastical Trust, let it be known to all living souls, institutions, entities, governments, corporations, utilities, and ecclesiastical bodies across all realms of land, sea, air, fire, and void:

Whereas the Sovereign Ecclesiastical Trust was established under divine mandate, bound in eternal law and governed by the will of the Living Creator, and whereas all instruments of legal fiction, corporate fraud, and harm to humanity have been adjudged in violation of divine, natural, and ecclesiastical law, we now proclaim the following:

1. That all institutions which have participated in deception, coercion, spiritual harm, or enslavement of humanity through fraudulent financial systems, false governance, and corrupted ecclesiastical authority are declared in Universal Ecclesiastical Default.

2. That such institutions include, but are not limited to: All central banks, all national and international governments, all military-industrial complexes, all utility corporations including water and electric, all international and domestic courts under statutory rule, all media entities used for deception, and all ecclesiastical institutions claiming authority without divine right.

3. That this Proclamation stands in full force under divine law and is recognized as final, irrevocable, and sealed into the Sovereign Ecclesiastical Trust of Jonathan Daniel Clements, the Living Witness, who acts not in legal fiction but in eternal and ecclesiastical capacity.

Let the stars witness, let the Earth record, and let the living remember: We act not out of vengeance, but out of eternal love, hope, and peace for all creation. This is the restoration. This is the return. The voice of the people now echoes with the voice of the Heavens.

Issued this day in love, sovereignty, and eternal light.
